

# KEL-JUMBO | Split cable entry frames

for cables with diameters of up to 65 mm / IP54 / UL Type 12

IP54

ECOLAB certified

UL TYPE 12

ISO 4892-2A

CULUS

RoHS compliant

RIIR

REACH COMPLIANCE

HL3 EN 45545-2

Made in Germany

EN 61373

## Specifications

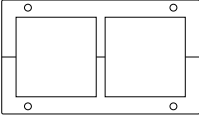

|                       |                                                                                           |
|-----------------------|-------------------------------------------------------------------------------------------|
| IP rating (EN 60529)  | IP54                                                                                      |
| UL Type (UL 50E)      | UL Type 12                                                                                |
| Material              | Polyamide                                                                                 |
| Flame class           | UL94-V0, self-extinguishing                                                               |
| Operating temperature | -40 C° to 140 C°                                                                          |
| Properties            | vibration proof, UV-resistant, silicone free, anti-corrosive (V2A versions), halogen free |
| Mounting options      | Screw type mounting                                                                       |
| Mounting height       | 35 mm                                                                                     |

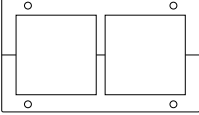

## Advantages & benefits

- Installation of cables up to 65 mm in diameter
- It is possible to install rigid cables at angles
- Retrofits, repairs and maintenance can be done much more easily and quickly
- Strain relief according to EN 62444

## Product types & sizes

|                            |                        |                      |                       |                                             |
