The new pressure compensation element PCE with M12 x 1,5 thread is used to avoid variations in pressure caused by differences in temperature and thus, to prevent damage caused by condensation. It provides protection class IP68.

The pressure compensation element is easy to install screwing it directly into the enclosure wall or via icotek [adapter grommets AT-K-M 12x1,5](#). They are assembled with the split icotek cable entry frames.

Specificaties

IP-classificatie (EN 60529)	IP67, IP68
Materiaal	Polyamide
Vlam klasse	UL94-V2
Temperatuur	-20 C° tot 100 C°
